		Playground	900.00
		Education	1870.04
Education petty cash	0		
Savings	15.89		
Shares	26.00		

Steve reported on conversations with Sunlund Campground about possible coordination regarding camping for visitors at Lund Dayz.

Rianne reports she is looking into the Connecting Communities Grant for internet access.

Sandy would like to develop some ideas about "welcome to the community" materials for new residents.

Ryan Thoms is the Emergency Preparedness Coordinator for the District. He can be reached at 604-414-4553 and emergcoord@powellriverrd.ca. Information for the Powell River Regional District area can be accessed at www.pep.bc.ca. Ryan will send us materials and resource list he has prepared for our area. We can update and add to the information list with skills, assets, needs and contacts for Lund. Emergency Preparedness Week is first week of May nationwide. A Reception Center Exercise will be held March 15th at the Italian Hall. For our area, radio stations at 95.7, 98.9, and 97.3 broadcast emergency information. Ryan would be available to possibly have a table at Lund Dayz with emergency preparedness materials. Discussion included possible need for a generator at the Centre, battery radio, emergency supplies and possibly a board at the Centre for posting emergency related materials and information.

Consultation is ongoing regarding a possible transfer of the Lund Water Board to the Regional District. Lund Water Board has received a copy of the LCS insurance policy covering use at the Gazebo.

LCS received a letter from the Transportation Dept saying our request for expansion of a reduced speed zone has been granted with a few modifications regarding where the signs will be placed.

Colleen will not be available this year to coordinate musicians for Lund Dayz.

Adjourn: 9:05
